Good Morning,

I have finally drafted a response to the ONR – not a long one but it needs some work to it. So I hope you can both help me as follows:

1. [REDACTED] please can you put it into the format for [REDACTED] his contact details etc etc Once done please send back to me so that when I get the info from [REDACTED] can conclude it.
2. [REDACTED] please can you let me know who we should address it to and the correct address. If there is a format I should use please also let me know. Also I know you have a meeting next week in relation to this so hopefully this will give you the steer, whilst not the final version as to the recommendations made.

Thanks

**Subject:** Aldermaston DEPZ Meeting & Development Control

Morning

Please see attached from my GIS chap. This is based on number of premises not numbers in the property so could be increased for residential by 2.46 for the population figures.

I know will had more detail re the types of business etc and I think we will need to drill down to this in nearish future but this is what I will be using on the 4 Oct - the Management Board date has moved!

If you have any dramas do let me know.

I also hope to be taking to [REDACTED] later today to confirm the meeting date for the Development Control element.

[REDACTED] you have been in the email trail with your GIS person can you confirm that the centre point for the 3km is the centre point for proposed DEPZ and that it is a circle of 2.125km. I got confused following the email chain last week!

Thanks
