Closure of GDA Issue - GI-UKEPR-FS-01 – A Safety Case for Heterogeneous Boron Dilution events is required. Both external dilution events and intrinsic dilution mechanisms from certain accident situations need to be addressed.

I refer to GDA Issue GI-UKEPR-FS-01 published on the 14 July 2011.

I am writing to confirm that;

- You have submitted all the information committed within your Resolution Plan
- This information has been reviewed by ONR
- You have submitted all responses to Technical Queries
- You have identified all related modifications
- The information is judged to provide an adequate response to the GDA Issue

On this basis, ONR confirms closure of GDA Issue GI-UKEPR-FS-01.

A copy of this letter and the associated Assessment Report will be published on the ONR(HSE) website in due course.
